6th & 7th GRADE PRACTICE EXAM 2018

Saturday | **JANUARY 20** | 8 a.m.

On **Sat., Jan. 20** all current sixth and seventh graders are invited to take the Skutt Catholic High School practice exam.

The test will consist of a standardized assessment of reading, mathematical, science, and language skills. Students taking this test experience testing conditions similar to those of the eighth grade scholarship and entrance exam.

The test will begin at 8 a.m. and end at approximately 11:45 and will be followed by a pizza lunch.

Then, at 12 p.m., we will be offering optional 45-minute workshops. See page 2 for details. The workshops cost an additional \$5. We encourage you to stay and participate. This is an excellent way to familiarize yourself with all Skutt Catholic has to offer!

Contact Tim Bloomingdale at timbloomingdale@skuttcatholic.com with any questions.

DISCOVER SKUTT CATHOLIC OPTIONAL WORKSHOPS

SkyHawk Science Exploration

Kathy Wawers, Science Instructor

Dawn Fuelberth, Science Instructor

Get in touch with your scientific self as we delve into the chemical world with exploration in freezing point depression through an ice cream making activity. Also, play with catapults, rockets, and remote-control cars to discover the physical laws of motion!

“What’s This CAD Stuff?”

David Emanuel, CAD instructor

Explore the use of computers to design and draw objects and even entire buildings. Students will leave with their first drawing using the “AutoCAD 2015” software used at Skutt Catholic High School.

Melted Wax

Molly Conway, Art Instructor

Create a masterpiece and discover the fun of melting wax! We will combine crayons and heat to achieve cool and creative pieces of art. Two projects will be available during this workshop: Abstract Printmaking and Drip Painting. Please bring a small to medium sized canvas or an object (picture frame, figurine, etc.) that needs a new, more colorful life for the drip painting portion.

Train to be a Champion

Kevin Schumacher, Powerlifting Coach

Laura Cushing, Math Instructor and MA in Exercise Science

Find out how SC produces so many state champions. Learn various plyometric exercises to enhance your performance no matter what sport you participate in and then practice these techniques in our weight room. Clothing suitable for exercising should be worn.

Peanut Butter and Jam...

With the SkyHawk Band!

Rosario Nelson, SCHS Band Director

Relax, have some peanut butter cookies and learn about all the exciting things the SkyHawk band program has to offer. Please bring your instruments because all who attend will jam with members of the Skutt Catholic band.

Register online at skuttcatholic.com | Workshop space is limited. Please register early!
