

SJS Summer Science Camps 2017

Dear Parents,

This year SJS is offering two different science camps for students entering grades 1st – 5th. I will be teaching each camp. If your student is interested in attending both camps, they may bring a sack lunch and stay for both sessions. Please return the bottom portion of this sheet and your payment by Friday, May 12th to guarantee your child's spot. Please contact me if you have any questions!

Thank you,
Miss Grinnell

Magic Treehouse Adventure Camp:

Dates: July 17th-21st **Time:** 9 AM – 12 PM

Grades: 1st Grade – 5th Grade

Cost: \$75

Have you ever wished you could travel with Jack and Annie in their Magic Treehouse? If so, this is the camp for you! Each day during this adventure-filled camp, we will “travel” to different locations that Jack and Annie traveled to in the “Magic Treehouse” book series. We will explore ancient Egyptian pyramids and will learn the science behind mummies as we create our own apple mummies. We will travel to different locations as we create twisters and tsunamis to find out how they happen. Why did the Titanic sink? What happened to Pompeii after Mount Vesuvius erupted? Find out in this exciting science filled camp!

Superhero Science Camp:

Dates: July 17th-21st **Time:** 12:30 PM- 3:30 PM

Grades: 1st Grade – 5th Grade

Cost: \$75

Calling all superheroes, Saint James/Seton School is under attack from some of the world's worst super villains! Join a new superhero each day during this exciting camp to see if we can use science save our school. Will we be able to rescue Batman in time to defeat the Joker? Can we repair Captain America's shield before Red Skull takes over? Will we be able to create our own web shooters to help save Spiderman? Find out in this action packed summer camp!
