embracing the future*

## ***Servants of Mary***

*Celebrating 125 years of  
Compassionate Presence in the United States  
1893 - 2018*

*St. James/Seton  
School*

January, 2018

Dear

The year 2018 marks an important anniversary for the Servants of Mary: 125 years of compassionate presence and ministry in the United States! A significant part of our history has involved sisters ministering in schools across the United States. To honor the schools where we have served and where we retain a spiritual connection, we are initiating **125 Days of Prayer**. Special Servite Feast Days will honor the beginning and close of these days of prayer.

We invite you, your teachers, staff and families, to send us your prayer requests during the 125 days between **February 16**, and **June 20, 2018**. We will place these intentions in a large prayer bowl situated near the altar in our Motherhouse chapel. Our sisters will pray for your individual intentions and a special petition for all intentions will be read at each Motherhouse liturgy.

We are so happy to recall the ministry of our sisters at your school. Each experience has added to our history in a special way and we continue to feel a deep spiritual connection to your school.

Please post the invitation on the reverse side of this letter at your school **before February 15<sup>th</sup>**, so that those who remember the Servants of Mary will have the opportunity to send in their intention. The Servants of Mary will welcome each and every response.

Thank you,

*Sr. Roselma Legault, O.S.M.*  
Servants of Mary
